Subject: Installation of fully functional Fire Extinguishers

Sir,

The Indian government strives to promote a national resolve to mitigate the damage and destruction caused by natural and man-made disasters, through sustained and collective efforts of all Government agencies, Non-Governmental Organizations and People's participation. Fire hazard (is one among many which) causes tremendous loss to precious life and property in any built environment. Though the fire safety measures are planned during construction of the buildings as a part of building safety and taught to the occupants of the building (generally found grossly inadequate) yet serious efforts are urgently required to contain the damage caused by fires as per National Disaster Management Act, 2005 under the directive of National Disaster Management Agency (NDMA) Government of India for our endeavor to develop Clean Green and Smart CSK HPKV. In this direction, as a first step it has been decided to **install and maintain fully functional Fire Extinguishers** in all the Departments/Units/Stations/KVKs across the University within a period of one month i.e., by 31.01.2021, if not installed earlier.

All Officers of the University are requested to ensure the implementation of above directives in their respective domains. The compliance in this regards may be confirmed to the undersigned at rprasad57@gmail.com during first week of February, 2021 **without fail**, so that the concerned authorities could be apprised accordingly.

Yours faithfully,

 30/12/2020
Rajendra Prasad

Nodal Officer, Disaster Management
