

QUALITY POLICY OF CSKHPKV, PALAMPUR

Quality Policy

We are committed to provide quality teaching, research and extension education in the areas of Agriculture, Veterinary & Animal Sciences, Home Science and Basic Sciences. We shall continually improve our systems to:

- + create quality human resource to sustain agricultural productivity,
- + take the leader's role in the development of Agriculture, Veterinary & Animal Sciences, Home Science and Basic Sciences through effective teaching, research and extension education activities, and
- + provide support to consultancy and development activities in all technical and managerial aspects.

Prof. H.K. Chaudhary
Vice-Chancellor

QUALITY OBJECTIVES OF CSKHPKV, PALAMPUR

- To create quality human resource in order to enhance the productivity in the Agriculture, Veterinary & Animal Sciences, Home Science and Basic Science,
- To undertake basic and applied research for developing relevant technologies to meet the requirement of different stakeholders,
- To develop and adopt effective mechanisms for location specific transfer of technology,
- To enhance Extra Budget Resources (EBR) through Consultancy & Development Projects, and
- To adopt methodologies for effective administration, finance management and public relations.
