INTRODUCTION

CSK Himachal Pradesh Krishi Vishvavidyalaya, Palampur, a leading hill agricultural university of India came into existence on November 01, 1978 to cater to the needs of hill farmers. Prior to this, agricultural education in Himachal Pradesh was taken care of by two Colleges of Agriculture - one at Palampur and the other at Solan which were part of the then Agricultural Complex functioning under Himachal Pradesh University, Shimla. In fact, the College of Agriculture, Palampur was established in 1966 under Punjab Agricultural University, Ludhiana and the College of Agriculture, Solan in 1964 under Panjab University, Chandigarh. With the trifurcation of the state of Punjab in 1970 and establishment of Himachal Pradesh University (HPU), Shimla; teaching, research and extension education in agriculture came under the umbrella of the Agricultural Complex with its headquarter at Palampur under HPU. On November 01, 1978, the then Agricultural Complex was upgraded to a full-fledged State Agricultural University with its headquarter at Palampur and Solan Campus constituted as the second campus of the University. This set-up remained till Dr. Yashwant Singh Parmar University of Horticulture and Forestry, Solan was carved out from the State Agricultural University on December 1, 1985.

Objectives

1. Making provisions for imparting education in agriculture and other allied branches of learning and scholarship which University may find necessary to include.
2. Furthering the advancement of learning and prosecution of research both basic and applied.
3. Undertaking extension of such sciences, especially to the rural people of the State.
4. Such other purposes as the University may determine from time to time.

Building Partnership

The University maintains intra-institutional linkages with various departments of the constituent Colleges and its Regional Research Stations and Extension Centres. In order to develop quality education and research collaborations, the University has entered into Memorandum of Understanding (MOU) with Regional, National and International Institutions in the priority/ thrust areas to expand its strategic partnership. Presently, seven MOUs with different institutions viz., Punjab Agricultural University (PAU), Ludhiana, Institute of Himalayan Bio-resource Technology (CSIR-IHBT), Palampur, Indian Veterinary Research Institute (IVRI), Izatnagar, Bareilly, Rajiv Gandhi Government Postgraduate Ayurvedic College, Paprola (H.P.), INFLIBNET Center, Ahmedabad an IUC of UGC, Panjab University, Chandigarh and Mongolian University of Life Sciences, Mongolia are in operation in the University.

Location

The campus of the University is located at a distance of 3 km from the Palampur bus stand along the Pathankot-Mandi National Highway (NH-154) at an elevation of about 1300 metre above mean sea level. It is also linked with narrow gauge railway and the nearest station is Palampur (Himachal), which is about 5 km from the University Campus. The Kangra Civil Airport at Gaggal is about 50 km from the Campus. The 400 hectare farm of the University dotted with imposing beautiful buildings against the backdrop of panoramic majestic snow-clad Dhauladhar range makes it picturesque.

Constituent Colleges

The University has the following four colleges:

1. College of Agriculture

The College of Agriculture, Palampur was initially conceived as a Junior College of Agriculture to cater to the educational needs of far-flung areas of the then Punjab. It was formally inaugurated by late Dr. P.N. Thapar, ICS (Retd.), the first Vice-Chancellor of Punjab Agricultural University (PAU) on August 1, 1966.

The then Deputy Prime Minister of India, Late Shri Morarji Ranchhodji Desai laid the foundation stone of the college building on 23 May, 1968.

With the reorganization of the Punjab on November 1, 1966, the college fell in the territorial jurisdiction of Himachal Pradesh. Nevertheless, it remained a part of PAU till July 21, 1970. With the inception of Himachal Pradesh University on July 22, 1970, the college became a part of the Agricultural Complex under the aegis of Himachal Pradesh University which comprised of the agricultural colleges of Palampur and Solan along with research stations situated at different places in Himachal Pradesh.

The college attained the status of a postgraduate institution in 1971 when at the instance of Dr. R.K. Singh, the first Vice-Chancellor of Himachal Pradesh University, postgraduate classes in the disciplines of Agronomy, Plant Breeding & Genetics, Soil Science and Agricultural Chemistry were transferred from Solan to Palampur. The doctoral programme in these disciplines was initiated in 1974. Postgraduate classes in Animal Sciences and Agricultural Economics were started in 1976 and 1978, respectively. The degree courses in Science were started in 1971 and continued till 1979.

It was an historic event when the College of Agriculture, Palampur served as the nucleus for Himachal Pradesh Krishi Vishvavidyalaya which came into existence by an Act of the H.P. Vidhan Sabha; the HPKV Act, 1978 and was inaugurated on November 1, 1978 by the then President of India, Late Shri Neelam Sanjiva Reddy.

At present, the College of Agriculture has 13 departments viz. Agricultural Biotechnology, Agricultural Engineering, Agricultural Economics, Extension Education & RS, Agronomy, Forages & Grassland Management, Crop Improvement, Entomology, Horticulture, Organic Agriculture, Plant Pathology, Seed Science & Technology, Soil Science, Tea Husbandry & Technology, Vegetable Science & Floriculture. The College is offering B.Sc. (Hons.) Agriculture programme, Master's programme in 9 disciplines and Doctoral programme in 8 disciplines. At present, 629 students are on rolls of the College of Agriculture. The college is pioneer in hill and mountainous agriculture and took lead in creating first independent Department of Organic Agriculture in the country. The college has adopted 5th Deans' Committee curricula from academic session 2016-17. In order to expose students to generate self-employment avenues, the experiential learning modules such as Protected Cultivation, Commercial Vegetable Production, Mushroom Cultivation, Tea Husbandry & Technology, Beekeeping, Nursery Management, Seed Production & Technology and Organic Agriculture have also been offered.

2. Dr. G.C. Negi College of Veterinary and Animal Sciences

The College of Veterinary and Animal Sciences was established in 1986 to cater the specific needs of the Animal Husbandry sector of the hill state under the aegis of Himachal Pradesh Krishi Vishvavidyalaya. Earlier, it was periodically felt that very little efforts have been made to promote livestock production and control of diseases, besides research and extension under Sub-Mountain, temperate and sub-temperate conditions of Himachal Pradesh. There was also a general consensus that a tremendous scope exist for livestock development including education and research, besides conservation of natural germplasm of typical species like Yaks, Gaddi sheep, goats, hill cattle and a variety of wild species of fauna (animals and birds), which otherwise could not be better looked after by the veterinarians trained in other parts of the country. The gap was also very wide in livestock resources available in the State vis-à-vis the qualified human resources to provide efficient veterinary health cover. The HPKV constituted an expert committee in consultation with the Indian Council of Agricultural Research for assessing the establishment of a Veterinary institution. This committee in its meeting on 19th December, 1985 at HPKV recommended the establishment of a Veterinary College at Palampur as a model Veterinary College for hilly regions of the country. Thus the College of Veterinary and Animal Sciences (COVAS) was established by the State Government in 1986 and it was duly accredited by the ICAR and approved by the Board of Management of the University with the six composite departments viz. Animal Production, Anatomy & Histology, Veterinary Physiology & Pharmacology, Veterinary Microbiology, Pathology & Parasitology, Veterinary Surgery & Gynaecology and Veterinary Medicine.

With the progressive development of teaching and research facilities and as per the recommendation of the Veterinary Council of India, minimum standards of veterinary education (MVSE, 2016), the following 17 departments have been created:

Animal Breeding & Genetics, Animal Nutrition, Livestock Production & Management, Livestock Products Technology, Veterinary Anatomy, Veterinary Clinical Medicine, Veterinary Gynaecology & Obstetrics,

Veterinary Microbiology, Veterinary Parasitology, Veterinary Pathology, Veterinary Pharmacology & Toxicology, Veterinary Physiology & Biochemistry, Veterinary Public Health & Epidemiology, Veterinary Surgery & Radiology, Veterinary & Animal Husbandry Extension Education, TVCC and ILFC.

Initially the postgraduate programme was only in Animal Nutrition and Animal Breeding & Genetics disciplines of animal sciences. The master's programme in Veterinary disciplines started in 1992 in the College, whereas, the doctoral programme in Veterinary disciplines started in 2002. Both M.V.Sc. and Ph.D. programmes are now being offered in the Departments of Animal Nutrition, Animal Reproduction & Gynaecology, Vet. Anatomy, Vet. Medicine, Vet. Microbiology and Vet. Surgery. Only M.V.Sc. is being run in five departments viz., Animal Genetics & Breeding, Vet. Biochemistry, Vet. Parasitology, Vet. Pathology and Vet. Public Health.

3. College of Basic Sciences

The College of Basic Sciences was established in the year 1991 and is one of the four constituent colleges of the Chaudhary Sarwan Kumar Himachal Pradesh Krishi Vishvavidyalaya, Palampur. It imparts education at undergraduate level in two streams i.e. B.Sc. Physical Sciences (Physics, Chemistry & Mathematics)/B.Sc. Life Sciences (Botany, Zoology & Chemistry) and at Masters' level in the discipline of Biochemistry and Environmental Sciences. The choice based credit system (CBCS) under Rashtriya Uchchatar Shiksha Abhiyan (RUSA) has been introduced at undergraduate level in the college since academic year 2016-17.

4. College of Home Science

The College of Home Science was established in May, 1991 with the mission to empower individual, family and community for effective role performance and management of resources to improve the quality of life. It primarily emerged out of the felt need for a comprehensive type of training to the students in the context of changes in the socio-economic environment as well as changes in the family system and functions. Home Science was conceptualized basically as an interdisciplinary applied area of study built upon the basic and social scientific knowledge. There are five major areas viz. Food Science Nutrition & Technology, Family Resource Management, Human Development, Textile & Apparel Designing, Home Science Extension & Communication Management as they are instrumental in imparting relevant information to the students. Although the philosophy of Home Science was more family oriented and is even increasing so, the Home Science has now broadened its philosophy to rotate the nucleus of family to the national and international education and economic policy requirements. The college offers Bachelor degree programmes in B.Sc. (Hons.) Home Science/Community Science, B.Tech. (Food Technology) and B.Sc. (Hospitality & Hotel Administration). The college also offers M.Sc. and Ph.D. programmes in Food Science & Nutrition. Experiential Learning Units are also being run to undergraduate students to promote their entrepreneurial skills, confidence building and to prepare them for self-employment in emerging areas. Recently Home Science curriculum has been modified and renamed as Community Science to inculcate entrepreneurial skills for self-employment and to increase students' competence to work in Government/ Private Sector. The College is committed to excellence, innovation and effectiveness in teaching, research and extension through qualified and competent faculty and well equipped laboratories/ infrastructure.

Advisement

The University ensures attention to individual student through its advisory system. The Dean of College concerned assigns each undergraduate student to a teacher of the college who acts as 'Advisor' to the student in all academic matters and also nominates a teacher of the college to act as 'Tutor' of an undergraduate class who would coordinate with all the Advisors of that class for proper supervision and registration of students of that class. At postgraduate level, an advisory committee consisting of 3-5 teachers with one as Major Advisor is appointed for each student. The major advisor also maintains a close contact with parents/ guardians of his/ her advisees.

Directorate of Research

The Directorate of Research undertakes location specific, need based and problem oriented research with multi-disciplinary approach in the fields of Agriculture, Veterinary & Animal Sciences, Home Science and Basic Sciences at the main campus, Palampur as well as at different Research Centres/ Stations representing different agro-climatic zones of the State.

Directorate of Extension Education

The Directorate of Extension Education has the responsibility of extending the technologies to the farmers' fields as well as getting feedback on such research results for future research prioritization.

International Coordination Cell (ICC)

To facilitate foreign/ International students for admissions and their stay at CSKHPAU, Palampur, an International Coordination Cell having an Executive Committee, an Advisory Committee and Registrar as its Liaison Officer has been established.
